An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 25-34 directed to a species non-elected without traverse. Accordingly, claims 25-34 have been cancelled.

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest the limitation of the successive layers in the flow direction exhibiting a decreasing storage capacity for particles to be filtered out of the fluid as recited in instant claims 13, 35, and 36 as pointed out on pages 7-9 of the Board Decision rendered on 8-8-06.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
